For more information on writing with us, please visit <https://pragprog.com/become-an-author/>.

Are you an online course creator, podcaster, video blogger, or otherwise involved in creating resources to help make life better for professional software developers? If so, we'd love to hear from you.

Complete the following form and email it to us at proposals@pragprog.com. Our author relations team will review your information and get back to you within seven to ten days.

About You

Name

Email Address

Bio

Rather than a full resume or CV, please tell us about the content you create and your relationship to the topics you cover.

About Your Content

Topics

Tell us about the topics you have already created content for or the ones you would like to cover with us. Why do you care about those topics in particular and what problems would the content solve for your audience?

Formats

Let us know which formats you're interested in: video and screencasts, audio, online courses, etc.

Promotional Ideas

Our content creators take part in promotional efforts, and we'd like to know how you would promote your own work. Are you active on social media? Do you speak at conferences, local meetups or even to a small team at work? What would you personally be able to do to let people know about what you've created?

Content Samples

Please point us to publicly available examples of your work.

Thanks for choosing PragProg as your content partner — we're looking forward to talking with you!
